

Report Purpose:

To update committee on progress and work associated with the street scene.

Author:

Town Clerk, Assistant Town Clerk, Town Centre Manager and Town Ranger team

8.1 Public Realm

Work on the public realm such as the Macc on Foot project and Britain in Bloom has been previously reported in agenda item 6 reports.

The Officer team are working with the Rangers to compile a list of jobs that could be done throughout the year.

Although contact has also been made with Lusso, to see if we can work with them to clean up the area outside of their premises on Churchill Way, we are yet to have any reply.

8.2 Town Ranger

The ranger team have been busy responding to requests from members of the public through social media and via email. They have been clearing a lot of overhanging brambles to ensure footpaths are kept accessible, strimming and tidying areas, removing graffiti, planting winter bedding, maintenance work on the allotment sites as well as assisting with event preparations and allotment site inspections.

8.3 01625 Gallery

No further update since the last services committee. The stained glass installation is in place and work for the next installation will commence in November.

8.4 Museum on the Street

Cheshire East Council have funded this project through the Shared Prosperity Fund, and all evidence of progress and spend is on track to be spent.

The Consultants and designer have been working on the boards and the steering group held a meeting on 11th October to review.

Social Media engagement of this project has been very positive:

Quotes have been sought for the boards and installations and we aim for new year (provisionally) to install the majority of the boards. There are 2 boards (Castle ST and Mill ST) that we must work in conjunction with CEC Highway (for license and installation) and the Macc on Foot project.

Currently we are now looking a maps and audio to transcribe the boards.
